Systems Used For Judging Entries

There are two systems of judging that are used to determine placings and awards for fair entries. These are the Danish System of Judging and the American System of Judging. Both systems are used by The Creative Arts for Home & Hobby Committee.

*** THE DANISH SYSTEM OF JUDGING ***

In the Danish System of Judging, each entry in a class is judged against a standard for that particular type of product, and awards are given based on individual merit. Judges can award as many First Place, Second Place and Third Place awards as the quality of the entries warrant. This is the system that the New Jersey State Fair CAHH Committee uses for most of its judging in most categories.

In some Special Contests held by the CAHH Committee the American System is used.

***AMERICAN SYSTEM OF JUDGING ***

In the American System of Judging, the judges award only one first place, one second place, and one third place within the class. While there may be several entries in a class that are worthy of winning first place, only one entry can receive the blue ribbon under the American System. This system is used by the New Jersey State Fair CAHH Committee only for Special Contests where there is only one First Place, one Second Place and one Third Place prize.
